STONE CHARACTERISTICS OUTSIDE PHOTO RANGE MAY VARY

There are likely to be variations in consistency of colours and textures, appearance and quality in the finished product of the hardened concrete, as the raw ingredients are natural and subject to variations beyond our control. Whilst every effort has been made to match the colours in the preparation of this document, reproductive processes will alter the actual appearance in the concrete products to varying degrees.

The concrete samples shown are indicative only of the finished concrete product, and no guarantee of the colours or textures of the product is given or implied by this document.

PRODUCT NAME:

BAHRAIN ASH

White, grey and beige pastel colours abound in this small pebble set in an ash base.

Things you should know

Neutral grey beige tones will fit in just about anywhere to create a light and welcoming area.

Great as a driveway or pathway, the naturally rounded and smoothed shape of the small pebbles in this product is best for wet areas and pool surrounds. It provides grip whilst not being too harsh to walk on in bare feet.

If you like the look of this stone, then check out Bahrain Ivory for a lighter base and Bahrain Half Black for a darker base.

SPECIFICATION:

Vic Mix Bahrain Ash 25MPa
Exposed Aggregate Concrete

ORDER CODE:

X_BAHAS

REVISION: 23/12/2016
